ABOUT TOKEN

A Backed Token For A Real Ecosystem

Real yield. Real assets. Real liquidity

WHAT IS 8LNDS?

Sell it From Day One — But You Can't Buy it.

8LNDS is the marketing token of the 8lends ecosystem, backed by liquidity and embedded in the platform's economy. It rewards investors, maintains system balance, and boosts community engagement.

Backed by liquidity

Self-balancing emission

Earned through real investments

Learn more

REWARD SYSTEM

Buy. Burn. Mint. Distribute

CRYP2NOVA

Buys tokens from DEX

Burns them

Mints an equivalent new amount and distributes it to users

The economy stays balanced — the circulating token supply doesn't increase.

PROOF OF LOAN

Earn 8LNDS Tokens with Every Investment

6% 8LNDS

Archived copy · cryp2nova.com

Every investor receives 6% of their investment amount in 8LNDS tokens. The bonus is accrued via the Reward System and unlocks over 10 months (2.5% per week)

Token Roadmap

Where We're Headed Next

Stage 1 **Marketing**	Launch liquidity, activate Reward System, Proof of Loan, drops, and maintain interest. Goal — chart growth and engagement.
Stage 2 **Expansion**	Scale the ecosystem and add privileges for token holders. Details are confidential. Timeline— classified.

Backed by liquidity. Balanced by design.

8LNDS — a tool for growth and trust. It thrives within the ecosystem, sustains profitability, and starts working from day one.
