Experience all features: hub.acedata.cloud

Build Your Own AI Platform in One Click!

Ace Data Cloud has open-sourced its UI project, Nexior, allowing anyone to create their own AI-powered platform with:

✅ Built-in payment & referral system

✅ User system with email login/registration

✅ Completely free & open-source under the MIT license

Earn Money with Ace Data Cloud

Ace Data Cloud not only provides services—it helps you generate income!

How You Can Earn:

🔹 Invite businesses & individuals – Every referred user is permanently linked to you, and you earn a commission on all their purchases.

🔹 No cost, no risk – Earn real cash rewards through the Revenue Alliance program.

🔹 Withdraw earnings anytime!

Join the Revenue Alliance and start earning today: platform.acedata.cloud/earning

5,000+ users have already profited with Ace Data Cloud!

$ACE - The Solana-Based Token

Ace Data Cloud has its own cryptocurrency, $ACE, designed to power its ecosystem. In the future, $ACE will be used for:

💎 Paying for services

💎 Accessing premium features

💎 Rewarding contributors & developers

Stay tuned for more updates on $ACE integration!

Ace Data Cloud Roadmap

Stage 1: API Services & Core Infrastructure (2023 - Ongoing)

✅ Launch & integrate APIs for businesses & developers

Archived copy · cryp2nova.com

✅ Enable rapid AI platform deployment for users

✅ Build a scalable, global infrastructure

Stage 2: AI Applications & Ecosystem Growth (2025 - Beyond)

✅ Develop AI-powered chatbots, digital humans & intelligent agents

✅ Integrate AI into messaging platforms (WhatsApp, Discord, WeChat)

✅ Enable one-click deployment for businesses

Stage 3: $ACE Cryptocurrency Payments (2025 - Beyond)

✅ Allow payments with $ACE for services

✅ Implement dynamic pricing & conversion mechanisms

✅ Partner with crypto payment gateways

Stage 4: Advanced Data & Model Services (2026 - Beyond)

✅ Expand into AI model training & global data services

✅ Offer integrated hardware/software AI solutions

✅ Strengthen ecosystem with seamless API integration

Stage 5: Future Innovations & AGI (2028 - Beyond)

✅ Explore possibilities of AGI solutions and serve a global audience

✅ Develop deep AI + Blockchain integration solutions

✅ Lead the next wave of AI-powered cloud solutions

Join Us & Be Part of the Future!

🌎 Our goal: To build a platform as powerful as Microsoft Azure & AWS, while continuously innovating for the future of AI.

我所期待的是：你的AI技术已经有实际应用，继续升级完善。希望和你的规划一样，加快$ACE部署，持币者特殊会员、结算、返利等福利，增加代币应用范围（实际进度半天一天发下推特，大多数投资者需要看到的，也吸引新资金，特别重要）
