CRYP2NOVA

Introduction

Launch Your Project with aixCB Capital

aixCB Capital is a community-backed, AI-driven venture capital initiative focused on funding and supporting early-stage AI, AI Agents, and Decentralized Science (DeSci) projects. By leveraging cutting-edge technology and a strong network of collaborators, aixCB Capital bridges the gap between visionary founders and the resources they need to succeed.

Vision and Mission

Vision

To lead the AI-driven venture capital space, driving innovation in AI and DeSci while delivering lasting value to founders, investors, and communities.

Mission

To empower small projects led by visionary founders with the resources, exposure, marketing, and partnerships they need to grow and succeed in the AI and blockchain ecosystem.

Problem Statement

Key Challenges:

Limited Early-Stage Funding

To lead the AI-driven venture capital space, driving innovation in AI and DeSci while delivering lasting value to founders, investors, and communities.

Resource Gaps

Founders often lack the mentorship, marketing support, and essential tools required to grow their projects effectively and reach their target audience.
