Introduction

Copy

Welcome to Allo

Allo is building the world's first **RWA Perps Exchange**, enabling 24/7 trading, low fees, and instant settlement to democratize global investing.

Built on blockchain infrastructure, Allo has tokenized **$2.2B+ in Real World Assets**, bringing institutional-grade opportunities fully onchain.

Products

AlloX

The decentralized perpetual exchange for Real World Assets.
Trade Pre-IPO and public equities onchain with deep liquidity, transparent pricing, and seamless execution.

Merlin

An AI-powered trading intelligence engine designed for RWA markets.
Merlin delivers real-time insights, structured market reasoning, and data-driven analysis to help users make smarter trading decisions.
