Welcome to Banana Gun, the #1 platform for on-chain trading. We offer elite Telegram bots for multi-chain transactions and sniping, along with Banana Pro—our powerful new webapp built for the trenches!

Our tools support instant spot buys and sells, auto-sniping, limit orders, copy trading, and protection against rug pulls and MEV—giving you speed, edge, and security in every trade.

These docs will guide you through Banana Pro, the Solana Telegram bot, and the original EVM Telegram bot—helping you trade faster and smarter.
