Pulse Network

Cosmic Energy Revival Initiative: Building the Next-Gen Value Resonance Network

This white paper describes a new decentralized value paradigm. The Boom Pulse Network is not just another financial product, but a social experiment designed to revitalize the primordial energy of the digital universe. Through three pillars: Quantum Forging, Pulse Conduction Network, and Interstellar Federation Governance, we are building a next-generation Web3 protocol based on energy sovereignty, network resonance, and community governance. Here, value returns to its essence—freely transferable energy.
