As we made progress in game development, we gradually increased the size of our team and total funding for the project. Currently, our team consists of **15 Developers,** and we intend to hire more developers as we keep expanding the game.

**Cradle Of Sins - Was Created As A Way To Revolutionize The Gaming Industry By Combining Virtual Reality & MOBA Gameplay.**
We recognized that the traditional **MOBA Genre** was already immensely popular on **Mobile & PC Platforms**, but we believe that VR has the potential to take the experience to the next level.

**-** By creating a **VR MOBA,** players will be able to fully immerse themselves in the game, feeling as if they are actually inside the game, compared to just a passive experience on a 2D screen.
With its unique combination of **VR & MOBA Gameplay**, our game has the potential to become a massive hit in the **VR Gaming World.**
