DAO

We build $DONS for community and belongs to community.

Once upon a time, there was a pandemic that roamed the world. During this time the Crypto space started seeing rapid adoption and gaining more and more attention with Crypto traders becoming millionaires in the blink of an eye through meme coins. After this explosion of growth, a winter started that few were prepared for. NFT projects were falling left and right and the top 100 coins and beyond were bleeding out many seeing 80-95% pullbacks from their all-time high thus marking what many know as the "Bear Market". At this time the old mafia was making good money on the way down shorting shit coins left and right and having a blast waiting until the day of 12K $ BTC for their time to step back into the game.

As the whole world was patiently waiting for an extra dip a different cartel started showing their strength in the field and decided enough was enough. Liquidity started getting sent into many coins bringing the whole Crypto market back into action and leaving the old mafia behind.

Now we arrive in the year 2023 the old mafia has not changed their stance one bit and holds on to the dream of 12K $ BTC. Memecoins are back on the rise with tokens like PEPE taking a front run in the new race. So now is the perfect time for the New Meme Warriors to show their strength and rise to the top.

Many people might have heard of The DONS but we are the New Meme Warriors we are here to make BNB great. Our family might be small now, but we are a real family and we will grow like no family has done before taking what belongs to the Mafia and bringing it into our community. In the end, we will prove that even a small idea can lead to great success, and with family, hard work, knowledge, and dedication we will show the Crypto space how strong the DONS Army can be.

We are Famiglia 🏅🌹🪙

CRYP2NOVA

ROADMAP

At $DONS, we are committed to delivering the best possible experience for our investors. Here are some of the key milestones we have planned for the future

1

First Phase

✅ Website Complete

✅ Community Created
