GRACY AI

Gracy Token ($GRACY) is an ERC-20 and Base Mainnet based utility token and is used as the payment currency within Gracy platform. $GRACY is provided to users as rewards for their Gracy activities. Activating paid features requires payment with $GRACY.

Earn $GRACY for participating — rewards keep culture moving

Members can either withdraw $GRACY to their blockchain wallets or use them to purchase items in the marketplace.

CRYP2NOVA

Gracy incentivizes users and token holders to build a strong early ecosystem by providing token staking rewards.
