Welcome

Welcome to Initia

Copy pageCopy page

Copy pageCopy page

Archived copy · cryp2nova.com

Initia's core philosophy is to make opinionated decisions on the underlying infrastructure such as data availability, interoperability, and oracles. By reducing decision fatigue, the Interwoven Stack gives you the tools to craft application-specific environments while maintaining seamless access to the broader ecosystem.

Learn More About Initia

↗

Interwoven Stack

Discover the framework that powers all of Initia's rollups.
↗

Enshrined Liquidity

Initia's solution to bootstrapping cross-chain liquidity while maintaining network security.
↗

CRYP2NOVA

Archived copy · cryp2nova.com

VIP Program

Initia's incentive program that aims to foster long-term ecosystem-wide alignment.

Start Developing

Deploy Your Own Rollup

Learn how to easily deploy your own rollup on your own computer.

Start Developing

Deploy and interact with contracts on Interwoven Rollups on the various VMs.

InterwovenKit

The set of components for building on the Interwoven Stack.
