# What is KayakNet?

Welcome to the official documentation for **KayakNet** - a privacy-first, decentralized peer-to-peer network.

## What is KayakNet?

KayakNet is a censorship-resistant, anonymous network that enables:

- **Private Communication** - End-to-end encrypted chat with perfect forward secrecy
- **Anonymous Marketplace** - Buy and sell with cryptocurrency escrow (Monero/Zcash)
- **Decentralized Domains** - Register `.kyk` domains on the network
- **No Central Authority** - Fully peer-to-peer, no servers to shut down
