🪶 Introduction

Copy

Seedworld: Beyond The Keep is an online multiplayer survival game that blends deep progression, high-stakes PvPvE combat, and base-building, set in a mysterious, ever-evolving fantasy world.

Players take on the role of Vanguards, waking into a broken landscape where they must gather resources, build powerful Keeps, craft weapons and tools, and defend against both AI enemies and real players. At the center of the experience is a high-risk, high-reward mechanic: Ascension, a ritualized extraction where players bank their progress, but also expose themselves to raids and danger.

Beyond The Keep offers:

- ⚔️ Survival and Raiding: Defend your base, raid others, and fight for Nova.
- 🛠️ Build Your Own Keep: Create strongholds with defenses, traps, and crafting stations.
- 🌍 Explore the World: Travel through unique zones like icy mountains, dry deserts, and floating islands.
- 🎯 Progress and Level Up: Unlock abilities, discover crafting recipes, and improve your character over time.
- 🔥 High-Stakes Extraction: When you're ready, start the Ascension to extract your Nova, but once you do, you are at risk of being attacked.

This document is your starting point to understand the game, the systems behind it, and the path we're paving forward.
