Welcome to TaleX

A user-driven ecosystem for Real-World Businesses.

By featuring traditional consumer-oriented businesses as RWB projects, TaleX helps entrepreneurs boost their product sales while allowing their customers to benefit from business growth.

The result is more than financial innovation — it is the foundation of a **user-driven business model**, a new paradigm in the global economy where customers and businesses grow together.

As of **15 July 2026**, TaleX ecosystem includes the following projects:

- **ViewsCall:** The YouTube prediction market (open beta in August 2026).
- **RoamFi ↗:** One global eSIM for 200+ destinations.
- **TaleX ↗:** A new content app where great content pays off both creators and supporters.
