About & Links

Viction, previously TomoChain, is a layer-1 blockchain that offers a user-centric blockchain with zero-gas transactions. It provides interoperability, scalability, flexible development, zero gas fees, security, and speed to enable builders with tech capabilities. Beyond technical advantages, Viction offers guidance through consultation, resources, funding, and strong network connections to foster project growth.

Viction Profile

Viction, formerly known as TomoChain, was co-founded by Dr. Long Vuong. In November 2023, TomoChain was rebranded as Viction following its acquisition by the Coin98 Ecosystem (now Ninety Eight Ecosystem), guided by Viction Foundation Council members Thanh Le and Vinh Nguyen, who are also co-founders of Ninety-Eight Ecosystem.

Since the rebranding, Viction has rapidly evolved, focusing on community-driven growth and scalability. With an emphasis on freedom, creativity, and connectivity, Viction introduced the Viction World Wide Chain (WWC) and Viction DA, offering scalable, interconnected appchains.
