01

INTRODUCTION

XPX token is a visionary token with core values at the centre of what the project stands for. XPX has been designed to align groundbreaking technology and utility with holders' interests at the forefront of its mission. In a world where cryptocurrency is in its infancy XPX has designed a token so cutting edge it is built to last, not only does it offer use case and utility in abundance. Tokenomics has been coded in a way that is unique within the DeFi space. The goal of XPX is to create a multiple rewarding ecosystem with real life use case and durability, bringing the first SmartDeFi token coded to automatically reward BTC via its groundbreaking staking protocol, it has been coded to utilise the core features of 'SmartDeFi' with the king of cryptocurrency Bitcoin!

KEY FEATURES

XPX PAY

XPX Token simplifies transactions, allowing anyone to navigate purchases, goods, and services with ease. Coupons powered by XPX provide exclusive discounts and benefits to XPX holder.

BTC REWARDS

XPX staking rewards holders with wrapped BTC, ensuring that our community benefits from the established value and recognition of Bitcoin. The integration of wrapped BTC rewards aligns with our commitment to providing holders with rewards and value.

ASSET BACKING

XPX token integrates an innovative Asset-Backing feature, enhancing the intrinsic value of the XPX token. Launched on SmartDeFi ™ technology this integrated Asset-Backing behind our Token, results in a perpetual increase of the XPX token's baseline value.

EXCLUSIVE NFTS

XPX PAY is set to unveil an exciting collection of exclusive NFTs, elevating the utility and collectible dimension within the XPX ecosystem. These NFTs are not just digital assets; they serve to reward the community and contribute to curated collections.

In a forward-looking approach, XPX goes beyond traditional offerings by exploring innovative ways to integrate NFTs into real-world applications. This commitment extends to exploring NFT staking, creating an additional stream to reward XPX holders. This calculated approach not only enhances the digital experience but also introduces a new avenue for XPX holders to benefit from their participation in the ecosystem. XPX is on the forefront of redefining the potential and impact of NFTs, solidifying its position as a dynamic and forward-thinking platform.

KEY FEATURES

EXPO & NETWORKING ORGANISATION

XPX envisage itself playing a central role in organizing expos, advocating for collaboration, and honing networking opportunities within the blockchain community. The XPX team will explore the most effective way to organizing networking events and expos, potentially serving as catalysts for bringing together diverse crypto projects. Through these potential initiatives, the goal is to create a vibrant and interconnected ecosystem, offering a platform for meaningful collaboration and interaction within the dynamic landscape of blockchain technology. The XPX Token is anticipated to serve not just as a unit of value but as a potential key enabler of community-building and innovation within a prospective expansive expo network.

SMART LOANS

The Smart loan functionality allows XPX token holders to take out a loan against their asset backed value, a feature like a ‘pay day loan’ this loan is interest free for 30 days, during that period it can be paid back at any point or be left to expire resulting in them backed XPX tokens being burned off the supply.

XPX PAY
A REVOLUTIONARY UTILITY

XPX PAY will feature a cutting-edge web3 marketplace inspired by popular platforms. What sets this marketplace apart is its innovative framework, granting XPX token holders' exclusive access to discounts or rewards on a diverse range of products and services.

In addition, XPX will explore avenues to streamline the purchase of products and or services via an XPX payment system as well as cross payments between Crypto and Fiat.

KEY FEATURES OF XPX PAY

CUTTING-EDGE WEB3 MARKETPLACE:
- Inspired by popular platforms.
- Utilizes the latest web3 technologies for an advanced and seamless user experience.

EXCLUSIVE ACCESS FOR XPX TOKEN HOLDERS:
- XPX token holders enjoy exclusive access to enticing discounts and deals.

INNOVATIVE FRAMEWORK:
- Features an innovative framework that sets it apart from other marketplaces.

STREAMLINED PURCHASE PROCESS:
- Aims to streamline the purchase of products and services.

XPX PAYMENT SYSTEM:
- Introduces an XPX payment system for easy transactions within the marketplace.

CROSS PAYMENTS:
- Facilitates cross payments between cryptocurrencies and fiat currencies.

REWARDS AND DISCOUNTS:
- Offers access to rewards and discounts on a diverse range of products and services.

These features highlight XPX PAY's focus on providing a unique and user-friendly marketplace experience, especially for XPX token holders, and its efforts to integrate cryptocurrency payments seamlessly.

TOKENOMICS

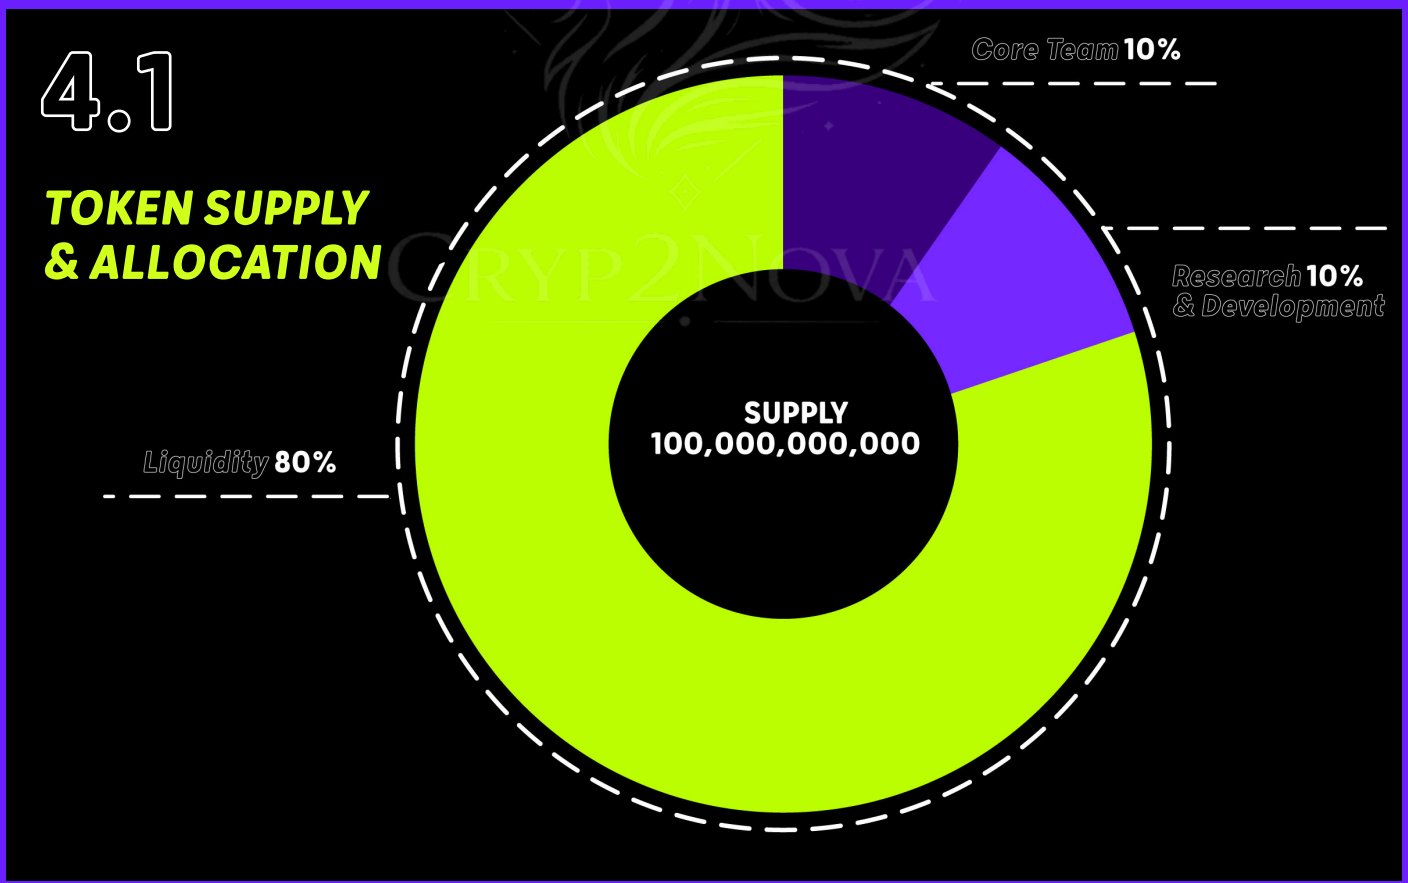

XPX have decided to launch on Binance Smart chain, due to the tokenomics and staking protocol of the XPX ecosystem BSC offers the most viable and cost-effective way for investors to transact and receive BTC rewards.

XPX will then bridge to BASE, tapping into this massive market. Thus, offering two chains using one supply.

XPX will also feature two liquidity pools on Both Chains:

$WBNB / $FEG on Binance Smart chain
$WBASE / $FEG on BASE chain
Enabling arbitrage opportunities on both chains!
