Zebec Documentation

Copy

Documentation hub for the Zebec financial platform — user guides, developer docs, and API references.

Welcome to the Zebec documentation portal.

Zebec is a financial platform that moves real-world value in real time through stablecoin payroll, cards, yield products, and fiat off-ramps.

Mission and vision

Mission: Deliver transformative blockchain-based consumer applications that significantly impact and improve people's lives.

Vision: A future where financial transactions are seamless, inclusive, and empowering for all.

The Zebec Platform at a glance

Our platform is composed of different applications and a multitude of products. The table below gives
