The ZIK Whitepaper Unveiled

1. ZIK Token ("ZIK") stands as a digital token adhering to the ERC-20 and BSC token standards. At present, ZIK is positioned as a Parody, devoid of any functionalities, utilities, or the commitment to financial returns, profits, interests, or dividends.With no established roadmap, there exists no assurance of developing an ecosystem for ZIK. ZIK solely exists as a Parody for entertainment purposes only.

2. To dispel any ambiguity and without restricting the above, ZIK is expressly not intended to:
    a. Serve as a medium of exchange for goods, services, or debt settlement.
    b. Function as a means of payment, whether through the ZIKland Group or otherwise.
    c. Enable the exchange of ZIK for goods or services.
    d. Represent any form of currency or financial instrument.
    e. Embody any capital markets product, security, share, debenture, or investment in any jurisdiction.
    f. Grant ownership, voting rights, or participation in business operations.
    g. Entitle voting rights within the "ZIKland" ecosystem.
    h. Yield fees, dividends, profits, or investment returns.
    i. Confer rights under profit-seeking contracts.
    j. Be refundable or exchangeable for cash or digital assets.
    k. Represent any form of indebtedness.

3. Furthermore, there are no guarantees or commitments regarding the listing of ZIK on any exchange.
